

AIM & SCOPE

Journal „**Research in Education and Rehabilitation**“ (RER, ISSN 2637-2037) is a multidisciplinary peer reviewed international journal edited by Faculty of Education and Rehabilitation University of Tuzla. The aim of the journal is to share and disseminate knowledge and good practices in the field of education and rehabilitation and related disciplines. The journal was published under the title "Defectology" by 2017., but the development of scientific theory and practice resulted, among other things, by changing the name "Defectology" to the name of Education and Rehabilitation Science. Thus, the Journal "Defektologija", which has been continuously published for 23 years, is terminologically aligned with the name of science which theoretical and practical results are being investigated. **Journal "Research in Education and Rehabilitation"** is published twice a year, containing original scientific papers, expert and review papers, case studies, books, doctoral and magisterial theses and information in the area of special education and rehabilitation, medicine, psychology, pedagogy and other related disciplines.

GENERAL NOTES

Each submitted article first passes through evaluation according to journal intentions, editing (preparations), format, and general satisfaction. If satisfies those criteria, will be sent as blind (without information about authors) to anonyms referees. Authors take all responsibility for article contents and ethics. Journal can ask special statement from authors about originality of research as well as statement that article is not published or sent to any other publication. Author's rights remain, but journal can freely dispose with article in sense of reprint or other types of publication distributions. All other questions stand in order with standard law presumptions in society.

ARTICLE PREPARATION

Language: The articles are bilingual (B&H and English). In case the papers are sent in one of the official languages in Bosnia and Herzegovina, the authors (or the correspondent's author) bear the costs of translation into English.

Articles are submitted in DOC ili DOCX (A4) format (Size 21cm x 29,7cm), typed in spacing 1.15 lines, margins 2,5 (Left, Right, Top, Bottom), font Times New Roman 12. All titles and subheadings in the work must be bold.

Article includes the following sections listed in identical order: title page, abstract, introduction, materials and methods, results and discussion, reference.

Manuscript should meet the following specifications:

- **Original Article:** A total word count of 6,000, including an abstract of no more than 250 words. Up to 60 references are allowed.
- **Review:** A total word count of 4,000, including an abstract of no more than 250 words. Up to 100 references are allowed.
- **Editorial:** A total word count of 1,000. No abstract. Up to 15 references are allowed.
- **Brief Report:** A total word count of 1,500, including an abstract of no more than 150 words. Up to 30 references are allowed.
- **Case Report:** A total word count of 1,500, including an abstract of no more than 150 words. Up to 30 references are allowed.
- **Letter to the Editor:** A total word count of 800. No abstract. Up to 10 references are allowed.

THE FIRST PAGE

The first page should contain a title and a summary. The title of the paper is written according to the following instructions: **Title (Font size 12, bold, UPPERCASE, no abbreviations); authors name (including the name and surname, Font size 12, no bold); name and the address of the institutions from all authors (Font size 12, no bold).**

Names of the author (surname and name) are written below the title of the article, below the author's name are written names and addresses of the institutions. The correspondent's author, under the name of the institution, also cites the e-mail address.

ABSTRACT

Abstract consisting no more than 250 words and must be typed in spacing 1.15 lines. The abstract is unstructured but should state short introduction, goals of the paper, methodology (selection of the sample, the way of data collecting and data processing), and most important results and conclusion. The text must be written in a passive form (not "we" or "our"). The abstract should not contain references. Below the abstract authors should provide 3 to 5 keywords

INTRODUCTION

The introductory part of the article should generally consist of three parts: the first part should describe the research area, the second part should state the results of research by other authors who have dealt with a similar topic, and the third part of the introduction should define the aim of the research.

MATERIAL AND METHODS

The materials and methods should be described in the following obligatory sub-headings: "Participants", "Design and Procedures", "Measures" and "Statistical Analysis". The Methods section cannot contain figures or tables.

RESULTS AND DISCUSSION

In this section the author should describe the main findings in the text as well as the particular statistical significance of the data, and direct the reader to the tables and figures, implying that details are shown there. The discussion is combined with results and should discuss the study findings, and interpret them in the context of other trials reported in the literature providing evidence or counterevidence.

CONCLUSION

The Conclusion section contains an overview of the most important results, in which the main conclusions of the work are summarized. Also, the conclusion may include any suggestions for further research, as well as any possible shortcomings in the work.

LITERATURE

Journal uses APA reference citation. Literature may contain only the authors cited in the text. References in the text should be quoted in the following manner: (Bratovčić, 2018) or (Bratovčić and Mehmedinović, 2018) or if there are more than two authors, (Bratovčić et al., 2018). The references should be listed alphabetically at the end of the paper. If references to the same author have the same year, they should be differentiated using 2018a and 2018b etc.

The layout should be as follows:

For journals:

Bratovčić, V., Mehmedinović, S., Šarić, E. (2018). Morphological motor status of top quality sitting volleyball players in Bosnia and Herzegovina. *Journal of Physical Education and Sport*, 17(2): 764-769.

For books:

Ibrahimagić, A. (2018). *Poremećaji glasa*. Tuzla: PrintCom.

For chapters in books:

Mehmedinović, S., Šarić, E. (2014). Metodološki pristupi u istraživanju starosti. In *Treća životna dob*. Tuzla: Bosanska riječ, str. 148-151.
